Need assistance? Call 1.888.316.8023. For more information about the program, visit rge.com and click on Energy Efficiency Incentives. Please submit for review via one of the following: Fax 1.877.358.5616, e-mail to BusIncentives@icfi.com or mail to NYSEG/RGE C&I Rebate Program, P.O. Box 3588, Martinsville, VA 24115.

Instructions

1. Complete the Lighting Inventory Worksheet (Excel file) available at nyseg.com.
2. Fill in the appropriate fields of this application. Refer to the completed Lighting Inventory Worksheet from Step 1 for Measure Count.
3. To calculate the TOTAL \$, multiply the COUNT (quantity of installed equipment) by the UNIT REBATE and enter the amount in the TOTAL \$ column.
4. Attach to this application:
 - the lighting equipment invoice(s) including purchase price
 - identification of product manufacturer and model number
 - product specifications including accompanying manufacturer's equipment cut sheets for fixture(s), lamp(s) and ballast(s)
 - completed Lighting Inventory Worksheet (Please submit an electronic Excel file.)

General Eligibility Requirements for Lighting Systems and Controls

- All equipment must be new. Used or rebuilt equipment is not eligible.
- Fluorescent Fixtures w/ 4' T8 lamps: The lamp/ballast combinations must meet the specifications for High Performance HPT8 Systems as set forth by the Consortium for Energy Efficiency (CEE). Refer to CEE for High Performance HPT8 and Reduced Wattage HPT8 Lamp System specifications: www.cee1.org.
- Fluorescent fixtures with all other lamp sources: Ballast must be high frequency (>10 kHz) electronic and have THD <20 and a PF > 0.90 and be ETL- and UL-listed and the lamps must have tri-chromatic phosphors.
- All eligible lighting products must be UL listed.
- Lamp and ballast retrofits may be eligible for Custom Rebates.

Retrofits		Code	Minimum Wattage Reduction Requirement	Count	Unit Rebate	Total \$
Re-lamp/re-ballast of existing fixtures with new High Performance (HP) T-8 or T-5 lamps and HP T-8 Electronic Ballasts.	Re-lamp/re-ballast of existing fixtures with T-8 or T-5 lamps, each fixture is composed of a ballast and 1, 2, 3 or 4 lamps. Only one incentive may be counted per fixture. Multiple fixtures served by a single ballast are only eligible for one incentive. Reduced wattage T8 CEE qualified lamps/ballasts are acceptable.	R100	10		\$15 per fixture	
Fluorescent Fixtures with Reflectors		Code	Minimum Wattage Reduction Requirement	Count	Unit Rebate	Total \$
Each eligible new unit shall include a new fixture with a minimum reflectivity of 87%. Fixtures must use HPT8 or T5 lamps and electronic ballasts. For industrial applications, not general office lighting.	HPT8 or T5 linear fluorescent lamps with electronic ballasts	F100	10		\$15 per fixture	
High Intensity (High Bay) Fluorescent Fixtures (interior use only)		Code	Minimum Wattage Reduction Requirement	Count	Unit Rebate	Total \$
Fixture efficiency must meet or exceed 75%. Only new fixtures with electronic ballasts qualify. Roadway or street lighting does not qualify. Must have a minimum of 125 watts.	HPT8 or T5 linear fluorescent lamps with electronic ballasts	F110	25		\$35 per fixture	

Application Form continues on page 3 →

Indirect Fluorescent Fixtures Pendant and Wall Mounted		Code	Minimum Wattage Reduction Requirement	Count	Unit Rebate	Total \$
Each eligible fixture shall consist of a 4-foot section containing not more than 3 lamps, with an indirect or indirect/direct light distribution. Overall fixture efficiency shall meet or exceed 80%. Lighting fixtures should be designed and installed to meet the manufacturer's guidelines for pendant length and fixture spacing. When HPT8's are not manufactured, other lamp types may be eligible.	HPT8 or T5 linear fluorescent lamps with electronic ballasts	F120	20		\$30 per 4-foot section	
Indirect Fluorescent Fixtures Recessed		Code	Minimum Wattage Reduction Requirement	Count	Unit Rebate	Total \$
Each eligible unit shall be recessed containing no more than 3 lamps with an indirect or indirect/direct distribution. Overall fixture efficiency shall meet or exceed 80%. When HPT8's are not manufactured, other lamp types may be eligible.	HPT8 or T5 linear fluorescent lamps with electronic ballasts	F130	10		\$20 per fixture	
High-Efficiency Fluorescent Fixtures		Code	Minimum Wattage Reduction Requirement	Count	Unit Rebate	Total \$
New recessed or surface-mounted fixture with electronic ballast. Each eligible fixture shall consist of ballast and not more than 3 lamps. Overall fixture efficiency shall meet or exceed 75% for parabolic louvered fixtures and 83% for fixtures with a prismatic lens. When HPT8's are not manufactured, other lamp types may be eligible.	1 HPT8 or T5 linear fluorescent lamp with electronic ballast	F141	10		\$15 per fixture	
	2 HPT8 or T5 linear fluorescent lamps with electronic ballasts	F142	10		\$15 per fixture	
	3 HPT8 or T5 linear fluorescent lamps with electronic ballasts	F143	10		\$15 per fixture	
High-Efficiency Fluorescent Fixtures with low-power electronic ballast		Code	Minimum Wattage Reduction Requirement	Count	Unit Rebate	Total \$
New recessed or surface-mounted fixture with electronic ballast. Each eligible fixture shall consist of a low-power electronic ballast (ballast factor <0.85) and not more than 3 lamps. Overall fixture efficiency shall meet or exceed 75% for parabolic louvered fixtures and 83% for fixtures with a prismatic lens. When HPT8's are not manufactured, other lamp types may be eligible.	1 HPT8 or T5 linear fluorescent lamp with low-power electronic ballast	F151	15		\$20 per fixture	
	2 HPT8 or T5 linear fluorescent lamps with low-power electronic ballast	F152	15		\$20 per fixture	
	3 HPT8 or T5 linear fluorescent lamps with low-power electronic ballast	F153	15		\$20 per fixture	

Application Form continues on page 4 →

HID Fixtures for Interior Use (roadway or street lighting does not apply)		Code	Minimum Wattage Reduction Requirement	Count	Unit Rebate	Total \$
Each eligible new unit shall consist of a ceramic metal halide PAR lamp with integrated ballast. For replacement of applications, lamps must replace standard incandescent or halogen PAR lamps of greater wattage.	Integrated ballast ceramic metal halide PAR lamp	F160	15		\$20 per lamp	
Each eligible new unit shall consist of a ceramic metal halide lamp with remote ballast, in a down light, directional, accent or track lighting application. Maximum lamp wattage of 100 watts.	Ceramic metal halide with remote ballast	F161	30		\$45 per fixture	
Fluorescent Lighting Controls		Code	Minimum Wattage Controlled Requirement	Count	Unit Rebate	Total \$
Each eligible unit shall be a hard-wired, passive infrared and/or ultrasonic detector. Installations must comply with manufacturer's guidelines on coverage and maximum controlled watts. Installations with manual "ON" overrides are NOT eligible.	Ceiling/remote mounted occupancy sensors	C200	85		\$35 per control	
Each eligible unit shall consist of a photo sensor that controls a minimum of 4 dimming ballasts and fluorescent lamps. Dimming shall be continuous or stepped at 4 or more levels. Fixtures controlled ON/OFF are NOT eligible.	Daylight controlled continuous dimming of fluorescent systems	C210	100		\$40 per ballast	
	Daylight controlled stepped dimming of fluorescent systems	C211	100		\$40 per ballast	
Fluorescent Lighting Controls (continued)		Code	Minimum Wattage Controlled Requirement	Count	Unit Rebate	Total \$
Each eligible unit shall control fluorescent lamps based on occupancy. Ballast consumption in "Low" mode must not exceed 60% of full load. Fixtures controlled ON/OFF are NOT eligible.	Occupancy controlled hi-low switching of fluorescent systems	C220	100		\$40 per ballast	
Each eligible unit shall be a wall mounted, hard-wired passive infrared and/or ultrasonic detector. Not eligible if installed in restrooms, locker rooms, stairwells or rooms greater than 250 square feet.	Wall mounted occupancy sensors	C230	35		\$15 per control	
Each eligible unit shall be mounted on and control a fluorescent fixture with an ON/OFF control.	Fluorescent fixture mounted occupancy sensor with ON/OFF	C240	85		\$35 per control	
Each eligible unit shall be mounted on and control a fluorescent fixture based on available daylight.	Fluorescent fixture mounted daylight sensor	C250	70		\$30 per control	
HID Lighting Controls		Code	Minimum Wattage Controlled Requirement	Count	Unit Rebate	Total \$
Each eligible unit shall control HID lamps. Fixtures controlled ON/OFF are not eligible.	Occupancy controlled hi-low switching of HID	C260	175		\$75 per fixture	
	Daylight controlled dimming of HID	C261	175		\$75 per fixture	
Total Requested Rebate*						

*Total Requested Rebate cannot exceed total installed cost of project.

Terms & Conditions

- 1. REBATE OFFER:** This application covers products purchased and installed after July 1, 2010. The rebate offer is not retroactive for products purchased or installed prior to July 1, 2010.
- 2. ELIGIBILITY:** Rebates are available to active nonresidential electricity customers for the purchase and installation of qualifying energy savings measures in the NYSEG/RG&E service area. Rebates are offered on a first-come, first-served basis and are subject to project and customer eligibility and availability of funds.
- 3. APPROVAL AND VERIFICATION:** Pre-approval from NYSEG/RG&E will be required on all prescriptive applications where the rebates are over \$10,000. Projects must be completed by the date listed on the pre-approval notification letter (within 180 calendar days of project pre-approval). All projects that require pre-approval may also require pre-inspection. NYSEG/RG&E reserves the right to verify sales transactions and to have reasonable access to your facility to inspect the installed energy saving measures prior to issuing rebates or at a later time. NYSEG/RG&E reserves the right for any reason to stop pre-approving energy saving measures at any time without notice. In particular, NYSEG/RG&E is not obligated to pre-approve any application for a rebate that may result in NYSEG/RG&E exceeding its program budget. NYSEG/RGE reserves the right to cap the rebate paid to any one customer.
- 4. PROOF OF PURCHASE:** This application must have complete information and be submitted with an invoice itemizing the new equipment purchased. The invoice must indicate the date of purchase, the size, type, make, model, serial number, part number and/or equipment manufacturer specification sheets. The signed application must be returned to NYSEG/RGE C&I Rebate Program, P.O. Box 3588, Martinsville, VA 24115.
- 5. COMPLIANCE:** All projects must comply with all federal, state and local, laws, rules, regulations and codes, as applicable. Existing equipment must be removed and disposed in a proper and legal manner. NYSEG/RG&E encourages that equipment is disposed of and/or recycled in an environmentally friendly manner. Equipment must meet specification requirements and be purchased and operating prior to submitting the application form. Only one rebate will be granted for each project. Customers can receive rebates from NYSERDA or NYSEG/RG&E but NOT from both NYSERDA and NYSEG/RG&E for the same measure.
- 6. PAYMENT:** Once completed paperwork is submitted and approved by NYSEG/RG&E, rebate payments will be made within an estimated 6-8 weeks. Incomplete applications will be returned. The benefits/payments conferred upon the customer through participation in this program may be taxable by the federal, state, and local government. The customer is responsible for declaring and paying all such taxes.
- 7. INSPECTION:** The customer agrees, as a condition of participation in the program, to cooperate with activities designed to evaluate program effectiveness, such as allowing on-site inspection and measurement of installed projects.
- 8. NYSEG/RG&E/PROGRAM LOGO:** Customers or market providers may not use the NYSEG/RG&E or program name or logo in any marketing, advertising, or promotional materials without NYSEG/RG&E's prior written permission, which may be granted or withheld by NYSEG/RG&E in its sole and absolute discretion.
- 9. DISCLAIMERS:** NYSEG/RG&E does not endorse any particular market provider, manufacturer, product, labor or system design by offering this program; will not be responsible for any tax liability imposed on a customer as a result of the payment of rebates; does not expressly or implicitly warrant the performance of installed equipment or contractor's quality of work (contact your contractor for detailed warranties); is not responsible for proper and legal disposal/recycling of any waste generated as a result of this project; and is not liable for any damage caused by the installation of the equipment or for any damage caused by the malfunction of the installed equipment.
- 10. VERIFICATION:** Prior to or after paying any rebate, NYSEG/RG&E reserves the right to conduct a site visit to verify that the installed equipment is eligible for rebate. The site visit, and all aspects related to the site visit, is conducted solely for such purpose. The site visit is not a safety review and is not intended for any other purposes. A rebate will not be paid if NYSEG/RG&E is not able to conduct any required verification. Additionally, if the site visit indicates that the equipment is not eligible for a rebate, such that a rebate should not have been issued, then any rebate already paid to the customer with respect to such ineligible equipment shall be immediately returned by the customer to NYSEG/RG&E.
- 11. APPLICATION DOES NOT ENTITLE CUSTOMER TO PARTICIPATE:** The program described in this application may be altered, suspended, or canceled by NYSEG/RG&E at any time without prior notice. Under such circumstances, the customer is not entitled to any program benefits in excess of those approved prior to such action by NYSEG/RG&E. Submission of a completed application does not entitle the customer to program participation. Entitlement to program participation can only occur after NYSEG/RG&E has signed a copy of the application and granted pre-approval if required by NYSEG/RG&E.
- 12. REMOVAL OF EQUIPMENT:** The customer agrees, as a condition of participation in the program, to remove and dispose of the equipment being replaced by the energy savings measures in accordance with all legal requirements. The customer agrees to not install any of this equipment in the NYSEG/RG&E service area.
- 13. CHANGES TO THE PROGRAM:** NYSEG/RG&E may change the program and the Terms & Conditions at any time without notice. Pre-approved applications, however, will be processed to completion under the Terms & Conditions in effect at the time of the pre-approval by NYSEG/RG&E.
- 14. NO WARRANTIES:** NYSEG/RG&E does not endorse, guarantee, or warrant any particular manufacturer or product and NYSEG/RG&E provides no warranties, expressed or implied, for any products or services. The customer's reliance on warranties is limited to any warranties that may arise from, or be provided by contractors, vendors, etc. The customer acknowledges that neither NYSEG/RG&E nor any of its consultants are responsible for assuring the design, engineering and construction of the facility or installation of the energy savings measures is proper or complies with any particular laws (including patent laws), codes, or industry standards. NYSEG/RG&E DOES NOT MAKE ANY REPRESENTATIONS OF ANY KIND REGARDING THE RESULTS TO BE ACHIEVED BY THE ENERGY SAVINGS MEASURES OR THE ADEQUACY OR SAFETY OF SUCH MEASURES, INCLUDING BUT NOT LIMITED TO WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.
- 15. LIMITATION OF LIABILITY:** NYSEG/RG&E's sole liability is limited to paying the properly qualified rebates specified herein. Neither NYSEG/RG&E nor any of its affiliates shall be liable to the customer or any other party for any damages whatsoever, including, without limitation, indirect, consequential or incidental damages, regardless of the theory of recovery, caused by or arising from any activities associated with this program.
- 16. VENDOR SELECTION:** NYSEG/RG&E acknowledges that the customer may select any vendor or contractor to perform the work contemplated by this application, even after the application is submitted for pre-approval by NYSEG/RG&E. Notwithstanding the foregoing, the customer acknowledges that NYSEG/RG&E has the right to prohibit specific vendors or contractors from program participation for any reason or no reason in its sole and absolute discretion.
- 17. OBLIGATIONS BETWEEN THE PARTIES:** Customer acknowledges that any contractor selected by the customer is not an agent, contractor or subcontractor of NYSEG/RG&E. NYSEG/RG&E shall have no obligation to maintain, remove or perform any work whatsoever on the energy savings measures installed. NYSEG/RG&E shall have no liability for contractor's failure to perform, for failure of the energy savings measures to function, for any damage to the customer's premises caused by the contractor or for any and all damages to property or injuries to persons caused by the energy savings measures.
- 18. ENERGY BENEFITS:** NYSEG/RG&E is entitled to 100% of the energy benefits associated with the energy savings measures, excluding the value of energy cost savings realized by the customer, but including all rights to all associated New York Independent System Operator energy, capacity and reserves products, and the customer agrees to provide NYSEG/RG&E with such further documentation as NYSEG/RG&E may request to confirm NYSEG/RG&E's ownership of such benefits and products.
- 19. CUSTOMER'S CERTIFICATION:** Customer certifies that he/she has purchased and installed the equipment listed above at the defined location. Customer agrees that all information is true and that he/she has conformed to all initiative and equipment requirements listed. Customer has verified that the units listed above have been installed correctly. Customer or customer's representative has been instructed on how to operate and maintain this equipment and has received all necessary operation and maintenance manuals.
