

## GENERAL INFORMATION

### **6. LIABILITY**

#### **A. CONTINUITY OF SUPPLY**

The Company shall endeavor at all times to provide a regular and uninterrupted supply of service (except where the terms and conditions of a particular Service Classification provide otherwise), but in case the supply of service shall be interrupted or irregular or defective or fail from causes beyond the Company's control (including without limiting the generality of the foregoing, executive or administrative rules or orders issued from time to time by State or Federal officers, commissions, boards or bodies having jurisdiction), or because of the ordinary negligence of the Company, its employees, contractors, subcontractors, servants or agents, the Company shall not be liable therefore.

Notwithstanding the foregoing, Section 4.Q governs the Companies' obligation to pay bill credits and reimbursement for spoiled food or medicine following a qualifying Widespread Prolonged Outage.

#### **B. CUSTOMER'S EQUIPMENT**

Neither by inspection nor non-rejection, nor in any other way, does the Company give any warranty, expressed or implied, as to the adequacy, safety, or other characteristics of any structures, equipment, pipes, appliances or devices owned, installed or maintained by the customer or leased by the customer from third parties.

#### **C. COMPANY EQUIPMENT**

The Company shall not be liable for any injury, casualty or damage resulting in any way from the supply or use of gas or from the presence or operation of the Company's structures, equipment, pipes, appliances or devices on the customer's premises, except injuries or damages resulting from the negligence of the Company.

#### **D. INTEGRATED ENERGY DATA RESOURCE**

Pursuant to the Commission's Order Addressing Integrated Energy Data Resource Matters issued and effective October 13, 2023 in Case 20-M-0082, the Company is required to transfer Customer Data Sets ("Data Sets") to the State's Integrated Energy Data Resource ("IEDR") platform as defined in the Commission's Order Adopting a Data Access Framework and Establishing Further Process issued and effective April 15, 2021 in Case 20-M-0082. The Data Sets are comprised of the Customer Energy Usage Data Set, Customer Contact Data Set, and Customer Billing Data Set. Although the Data Sets could include non-anonymized and non-aggregated customer-specific data, no highly confidential personal information, such as social security number or banking information, will be made available or included in the Data Sets. Once the Company transfers data to the IEDR platform, the Company is not liable for any improper access or sharing of the Data Sets. Consistent with the Commission's policies regarding data ownership, this data is owned by the customer, not the Company.
