

Natural Gas Notification #: _____

RG&E Commitment Letter for Nonresidential Natural Gas Service

Dear Applicant,

Thank you for starting the process of obtaining natural gas service from RG&E. To bring natural gas to your building, piping is installed in a trench approximately 18 to 24 inches deep that runs from the natural gas main in the street to your building. Upon completion, RG&E restores the excavation by filling the trench with existing soil and raking. Other restoration that is not part of a typical natural gas service (such as pavement or sidewalk removal) is also done by RG&E. Final restoration of the trench from the property line to the natural gas main in the public right of way is done by RG&E. For new construction, the area where piping will be located needs to be within 6 inches of the final grade before the natural gas service can be installed.

(A) EQUIPMENT INSTALLATION

Please list the equipment you intend to convert or connect to natural gas and whether it will be within 3 months of gas service being installed at the address below or if you plan on installing the equipment in 1 to 3 years.

| Equipment Description | Input Rating | Number of Units | Estimated Annual Therms | Estimated Installation Date |
|-----------------------|--------------|-----------------|-------------------------|---|
| | | | | <input type="radio"/> within 3 months <input type="radio"/> 1-3 years |
| | | | | <input type="radio"/> within 3 months <input type="radio"/> 1-3 years |
| | | | | <input type="radio"/> within 3 months <input type="radio"/> 1-3 years |
| | | | | <input type="radio"/> within 3 months <input type="radio"/> 1-3 years |
| | | | | <input type="radio"/> within 3 months <input type="radio"/> 1-3 years |

(B) SERVICE INSTALLATION

Please check the box that applies:

- ☐ I am ready for natural gas service and wish to have the service installed as soon as possible once all other requirements, permits, etc. have been satisfied. (This form must be received before RG&E can apply for any necessary permits.)
- ☐ I am not ready for service now but would like to schedule the natural gas service to be installed on or before _____.
(Date service desired)

PLEASE READ THIS SECTION CAREFULLY AND COMPLETELY

I agree in signing below to the following:

- I will complete installation/conversion of my equipment, listed in section A (above) within 3 months from the date said service is installed by RG&E. I understand that if I do not, I will pay the full cost incurred by RG&E for the installation of this service.
- RG&E has no responsibility for my natural gas appliances and related natural gas equipment such as interior piping and fittings that I, my contractor or builder have installed or will install in the future, and I agree to take full and complete responsibility for my natural gas appliances and other natural gas equipment such as interior piping and fittings.
- I will install/cause to install and test all natural gas appliances and related natural gas equipment in accordance with the latest editions of all applicable codes and manufacturer's requirements.
- RG&E will only walk through and visually inspect my premises for the following non-standard conditions that appear in plain view: (1) improper use of piping materials, (2) missing or improper venting system, (3) inadequate appliance air supply and (4) inadequate clearances to combustibles. RG&E will not perform any other inspection activity or test or light pilot lights on my appliances. I agree I will cause my contractor to perform an air pressure test on the gas lines to ensure the lines are completely sealed and to otherwise make the premises ready and able to take natural gas service in accordance with all applicable codes.
