

October 5, 2023

The substation projects listed below have been identified as upgrades that are eligible for MVD per the guidelines in the NYS SIR. The deadline for MVD applications on the below projects is 1/2/2024.

You must have an accepted application by the due date in order to be considered.

Substation	Company	Existing Transformer Size (MVA)	New Transformer Size (MVA)	Total Calculated Available Hosting Capacity (MVA)
Etna	NYSEG	50	56	42
Etna	NYSEG	16	56	42
Etna	NYSEG	5	10	7.5
Lounsberry	NYSEG	10	22.4	16.8
Stolle	NYSEG	300	448	336
Stolle	NYSEG	300	RETIRE	N/A
Stolle	NYSEG	N/A	448	336
Stolle	NYSEG	30	37	27.75
Stolle	NYSEG	30	37	27.75

If you wish to apply to participate in MVD for one of the upgrades mentioned above submit an application through our portal and notify NYSEG/RGE at distributedgenerationadmin@avangrid.com. If you have an accepted project and wish to be considered, please email us with your intent to participate at the address mentioned above including your project details.
