

Bundle your bonus

As part of our **Small Business Program**, we're making it easier than ever to save on your energy efficiency projects. By "bundling" multiple upgrades at once, you can receive up to 10% in bonus rebates — on top of your standard rebates.

How it works

Simply select qualifying measures within a given group of projects and receive a bonus based on the number you complete.

Number of projects	Bonus rebate applied
Two	5% bonus
Three	7% bonus
Four or more	10% bonus

What projects qualify?

Weatherization, HVAC and controls projects

- Weather stripping and air sealing
- Building insulation (roof and/or wall)
- Demand-controlled ventilation
- Kitchen demand-controlled ventilation
- Energy Management System (EMS)
- Advanced lighting controls

Process projects

- VSD air compressors
- Engineered nozzles
- Compressed air flow controls
- Compressed air heat recovery
- Process exhaust filtration

Refrigeration projects

- Evaporator fan ECM motors
- Anti-condensation heater controls
- Refrigerated case upgrades
- Floating head pressure controls

Agricultural projects

- High speed barn fans
- Refrigeration heat recovery
- Milk pre-cooling system
- Variable speed vacuum pumps

New: Eligibility criteria

You must meet one of the following criteria in order to be eligible. Project work scope must not result in a customer exceeding the thresholds listed below.

BOTH electricity and natural gas delivered by NYSEG and/or RG&E:

- Average monthly demand must be ≤ 250 kW.
- Eligible for all rebates.

ONLY electricity from NYSEG/RG&E:

- Average monthly demand must be ≤ 250 kW.
- Eligible for electric measure rebates.

ONLY natural gas from NYSEG/RG&E:

- Annual total gas consumption must be $\leq 5,000$ therms.
- Eligible for gas measure rebates.

Start bundling today!
