Commercial System Relief Program

Demand Response Aggregators

The following demand response aggregators have expressed interest in participating in RG&E's commercial demand response programs. These aggregators have given their permission to be listed here. Terms and conditions may vary by aggregator.

RG&E does not endorse or recommend one aggregator over another. This list is provided for customer convenience and contains information provided by third parties. The information is subject to change and RG&E does not guarantee the accuracy of the information. RG&E is not liable for any damages associated to use of or resulting from the use of this list.
