

Commercial and Industrial Rebate Program

Get rebates for facility and equipment upgrades

Our **Commercial and Industrial Rebate Program** is designed to help your business save energy and money by offering rebates to make projects more affordable and shorten payback periods. Upgrading to newer energy-efficient equipment can reduce operational costs and enhance the reliability, safety, comfort and appearance of your business. Rebates are available for **retrofits, add-ons and renovation** projects.

Prescriptive rebates

Here are some common upgrades that qualify for rebates:

Process systems

- VSD Air Compressor
- Refrigerated Air Dryer
- Zero-Loss Condensate Drains
- Compressed Air Flow Controller
- Compressed Air Flow Filters
- Compressed Air Heat Recovery
- Process Exhaust Filtration & Recirculation

Weatherization

- Weather Stripping & Air Sealing
- Roof & Wall Insulation

HVAC

- Guest Room EMS
- Demand-Controlled Ventilation (DCV)
- Industrial Air Curtain
- Kitchen Demand Controlled Ventilation (KDCV)

Agricultural equipment

- High-speed barn fans
- Refrigeration heat recovery
- Milk pre-cooling system
- Variable-speed vacuum pumps

Refrigeration

- Evaporator Fan ECMs
- Anti-Condensation Heater Controls
- Evaporator Fan Controls
- Floating Head Pressure Controls
- Refrigerated Case Doors

Custom rebates

Is the energy-saving upgrade you're considering not listed above? If your project saves energy, we're interested! Examples of upgrades that may qualify for a custom rebate include, but are not limited to:

- Chiller plant optimization
- Refrigeration system improvements
- Snow-making equipment
- Dedicated outdoor air systems
- Process related equipment
- Greenhouse upgrades
- Heat recovery

NOTE: All applications for custom measures require pre-approval prior to the purchase or installation of the equipment.

Custom project assistance

We're here to help! Expert assistance with developing custom energy savings calculations is available at no cost to any qualified customer or contractor.

We'll pay up to
50%
of your project cost

Have questions about a project you're considering?

Your simple steps to saving

Check for eligibility

Before you begin, confirm that your business is a NYSEG or RG&E non-residential customer.

Visit our website

Visit nyseg.com/cirp or rge.com/cirp for a list of available rebates and all program resources.

Find a trade ally

Select a registered trade ally to work with by visiting nyseg.com/findatradeally or rge.com/findatradeally. Registered trade allies are experts in the program and can help you through the rebate process.

Identify project type

Together with your trade ally, determine if your project qualifies for a **prescriptive or custom rebate** and the pre-approval requirements for your project. Pre-approval is required for all prescriptive projects \$150K or more.

Install the equipment

Complete your energy-saving upgrade.

Apply for your rebate

Submit your completed application within 90 days of the project's completion. [Click to go to application.](#)

Start saving and get paid

Receive your rebate check and start saving energy!

Ready to get started? Contact a registered trade ally today!
