

Score rebates on energy efficiency upgrades

Introducing the New Commercial Instant Discount Program

At NYSEG/RG&E, we're committed to helping businesses lower energy costs and improve efficiency. That's why we're introducing our new and improved Commercial Instant Discount Program. It's a fast and easy way to score instant discounts on energy-efficient equipment. There's no waiting or paperwork required — just shop as you normally would and enjoy the savings.

Instant rebates in three easy steps

- 1. Pick your products:** Choose qualifying energy-efficient equipment from participating distributors.
- 2. Enjoy instant savings:** Get your discount right at checkout — no waiting, no hassle.
- 3. Install and save:** Start reducing your business' energy use right away.

Who is eligible?

- Businesses that are NYSEG/RG&E electricity customers
- Contractors purchasing equipment for NYSEG/RG&E end-use customers
