SERVICE CLASSIFICATION NO. 1

STREET LIGHTING SERVICE

APPLICABLE TO USE OF SERVICE FOR:

Lighting of public streets, roads, alleys, ways and highways, and the outdoor lighting of public parks and playgrounds, and of public school district property, in Entire Territory, within the jurisdictional limits of the customer when, and to the extent, requested by the customer; provided that lighting of parks and playgrounds, public ways, and public school district property shall be furnished only if the equipment furnished therefor is and remains readily accessible for maintenance purposes.

CHARACTER OF SERVICE:

Unmetered service; dusk (one-half hour after sunset) to dawn (one-half hour before sunrise), and at other times of abnormal darkness, illumination approximating 4200 hours per year or 24 hours burning.

As provided under Rate below, customer may designate the desired lamps, fixtures and circuitry, all of which Company shall own, operate and maintain. However, customer may install, own and maintain such of the poles and conduit system, including handholes and manholes, as customer chooses, provided such poles and conduit system meet, and are installed in accordance with, the Company's specifications; and provided further that Company may, at any time, inspect any such poles or conduit system, or their installation.

Company maintenance shall not be furnished for any street lighting facilities (lamps, fixtures, poles and street lighting circuitry including conduit and related facilities) which are not owned by the Company.

SERVICE CLASSIFICATION NO. 1 (Cont'd)
STREET LIGHTING SERVICE

SUPPLY SERVICE OPTIONS AVAILABLE TO CUSTOMERS:

Customers served under this Service Classification may select from two different Supply Service Options as described below. The Company shall offer a Retail Access rate choice and a Non-Retail Access rate choice.

The Retail Access choice is the ESCO Supply Service (ESS). The Non-Retail choice is the RG&E Supply Service (RSS). RG&E shall provide Delivery Service regardless of the customer's supply service option.

1. ESCO Supply Service (ESS)

This Retail Access choice includes fixed components for RG&E delivery service, a Transition Charge as described in Section 12.B. of P.S.C. No. 19), and a Bill Issuance Charge. Customers that elect ESS and receive a Consolidated Bill shall not be subject to the Bill Issuance Charge. An Energy Service Services Company ("ESCO") provides Electric Power Supply to the customer. RG&E provides the delivery service only. Customers that elect ESS shall not be subject to the Merchant Function Charge (MFC).

2. RG&E Supply Service (RSS)

This Non-Retail Access choice includes fixed components for RG&E delivery service, a Transition Charge as described in Section 12.B of P.S.C. No. 19), a Bill Issuance Charge, and a commodity charge that fluctuates with the market price of electricity and consists of energy, capacity, capacity reserves, losses, unaccounted for energy, ancillary services and a NYPA Transmission Access Charge (NTAC). The commodity charge shall reflect a managed mix of supply resources. Electricity supply is provided by RG&E.

Electricity Supply Charge:

The charge for Electric Power Supply provided by the Company shall fluctuate with the market price of electricity and shall include the following components: Energy, Energy Losses, Unaccounted for Energy, Capacity, Capacity Reserves, Capacity Losses, ancillary services, NTAC, and a Supply Adjustment Charge.

On a monthly basis the Company shall pass through to these customers the impact of any hedge position entered into on behalf of such customers through an adjustment to the applicable variable commodity charge as described in Section 12.C.2 of P.S.C. No. 19.

Merchant Function Charge:

All kWh, per kWh

Per MFC Statement, as described in Rule 12 of P.S.C. No. 19

SERVICE CLASSIFICATION NO. 1 (Cont'd)

STREET LIGHTING SERVICE (Cont'd)

MONTHLY CHARGE:

The monthly charge shall be the sum of the lamp, fixture and circuit charges for units in service during the customer's billing period.

DETERMINATION OF kWh CONSUMPTION:

For each of the electricity supply pricing options, kWh use shall be determined by multiplying the number of luminaires in service by the Billing kW by the total number of burning hours in the billing period. General Information Section 4.12 shall be used to determine the number of burning hours in a billing period.

MERCHANT FUNCTION CHARGE ("MFC"):

The Merchant Function Charge reflects the administrative costs of obtaining electricity supply. All customers taking supply service under this Service Classification with the Company shall be subject to a MFC charge (as explained in General Information Section 12 of P.S.C. No. 19.). See MFC Statement.

RATE ADJUSTMENT MECHANISM ("RAM"):

The RAM shall be applied per kWh to all kWhs delivered under this Service Classification (as explained in this schedule, General Information Rule 10). See RAM Statement.

REVENUE DECOUPLING MECHANISM ("RDM"):

All customers taking service under this Service Classification shall be subject to a RDM adjustment (as explained in this Schedule, General Information Section 13.). See RDM Statement.

EARNINGS ADJUSTMENT MECHANISM (EAM):

The EAM shall be applied per kWh delivered under this Service Classification, (as explained in this Schedule General Information Rule 14). The rate shall be set forth on the EAM Statement.

NON-WIRES ALTERNATIVE (NWA) SURCHARGE:

The NWA Surcharge shall be applied per kWh delivered under this Service Classification, (as explained in this Schedule General Information Rule 16). The rate shall be set forth on the NWA Statement.

ELECTRIC VEHICLE ("EV") MAKE-READY SURCHARGE ("EV SURCHARGE")

The EV Surcharge shall be applied per kWh delivered under this Service Classification, (as explained in this Schedule General Information Rule 17). The rate shall be set forth on the EVS Statement.

RECOVERY CHARGE

The Recovery Charge shall be applied per kWh delivered under this Service Classification, (as explained in this Schedule General Information Rule 19). The rate shall be set forth on the Recovery Charge Statement.

INCREASE IN RATES AND CHARGES:

The monthly charge under this Service Classification, shall be increased by the applicable effective aggregate percentage shown in Rule 4.5 for service supplied within the municipality where the customer is taking service.

TERMS OF PAYMENT:

All bills are rendered at the above rate. A late payment charge of 1½% per month shall become due and payable if payment is not made on or before the "last day to pay" date specified on the bill in accordance with the provisions of Rule 4.2.

ISSUED BY: Jeremy Euto, Vice President – Regulatory, Rochester, New York

SERVICE CLASSIFICATION NO. 1 (Cont'd)

STREET LIGHTING SERVICE

TERM:

One year from the initial rendering of service, including service previously rendered under contract, and thereafter until terminated on one year's written notice by either the Company or the customer. At any time after initial rendering of service, the customer may elect to purchase the Company's street lighting facilities being used to serve the customer in accordance with Special Provision 3.c. In such case, the initial term and the one year's written notification shall be waived. However, if the customer elects to terminate service under this service classification and elects not to acquire the street lighting facilities being used to serve the customer, Special Provision 2.c shall be fully applicable notwithstanding termination. Further, the rules, rates and charges for service shall be subject to changes at any time when such changes are filed with and accepted by the Public Service Commission.

SPECIAL PROVISIONS:

1. The Company agrees, subject to its ability to obtain needed materials, to:
 - a. Furnish, install and operate the street lighting system as now obtains, or as may be hereafter changed by written request of the customer within the jurisdictional limits of customer.
 - b. Furnish all materials and do all work and provide all labor necessary to perform Special Provision 1.a above. The materials shall be of high quality and kind and all equipment shall be installed and operated in accordance with the latest rules of the National Electric Safety Code, as approved by the American National Standards Institute.
 - c. Maintain the street lighting system so that it is wholly serviceable in function and presentable in appearance. Said maintenance shall include, but not be limited to, an efficient system of lamp replacement so that any lamps which fail to burn properly shall be promptly put in order or replaced with new lamps. Upon receiving notice from the customer that there is a defective lamp, the Company shall put the same in order or replace the lamp within 72 hours, except that Saturdays, Sundays and holidays shall be excluded in computing the 72-hour period.

For each night the lamp is not lighted in accordance with the first paragraph of this Special Provision 1.c, the customer shall be credited an amount equal to 1/365 of the total rate for that lamp and fixture. No credits shall be allowed for outages due to fire, strikes, acts of God or public enemy or circumstances and conditions over which the Company has no control.

SERVICE CLASSIFICATION NO. 1 (Cont'd)

STREET LIGHTING SERVICE

SPECIAL PROVISIONS: (Cont'd)

- d. Remove existing lamps, fixtures and circuits (except poles and conduit system installed, owned or maintained by customer) upon written request of the customer, provided that, the customer shall pay the Company the actual cost of labor and material, including applicable overhead expenses, incurred in such removal, plus the unamortized investment for the removed items less salvage equipment value. The Company shall not require customers to pay system removal costs for Company-owned non-LED luminaires that are replaced with Company-owned LED street lights.
- e. Make changes in the location of existing lamps, fixtures and circuits (except poles and conduit system installed, owned or maintained by customer) upon written request of the customer, provided customer shall pay to the Company the actual cost of labor and material, including applicable overhead expenses incurred in such relocation. Customer shall not be required to pay the cost of relocating lamps, fixtures or circuitry from locations other than those theretofore approved by the customer.
- f. Upgrade the existing street lighting system (except poles and conduit system installed, owned or maintained by customer), by replacing any of the lamps, fixtures and circuitry at the written request of the customer. However, the foregoing (1) shall not be applicable to existing items unless customer agrees to pay Company's cost of removal in accordance with Special Provision 1d; and (2) shall not obligate the Company to expend in any calendar year, for any customer, an amount greater than 5% of its existing investment (on an original cost basis) in street lighting plant installed for such customer for all costs in connection with such replacements, including labor, materials, applicable overheads and additions of conduit, cable, poles, wire and other appurtenances.

STREET LIGHTING SERVICE

SPECIAL PROVISIONS: (Cont'd)

- g. Promptly furnish, install and operate additional lamps, fixtures and circuits upon written request of the customer at the unit charges herein specified (subject to Special Provision 2a).
- h. Provide temporary lighting installations upon written request of the customer, pursuant to, and subject to the provisions of rule 3.2. For such temporary service the charge under this Service Classification, in addition to those specified in Rule 3.2, shall be the applicable "Lamp Charge", prorated for the period of time during which such temporary service is rendered.
- i. Install and remove glare shielding devices, on installed lamp fixtures, where feasible, upon written request of the customer at Company expense.
- j. Allow the customer to have access to all maps, books, accounts and records relating to the street lighting system of the customer.
- k. Not permit the installation of facilities by others on poles used solely for street lighting purposes without customer's consent.
- l. At the Customers request, the Company shall provide an inventory of the Company equipment; provided, however, that Company shall not be required to provide more than one additional inventory in any calendar year unless the customer bears the cost thereof.
- m. The properly authorized agents of the Company shall, at all reasonable hours, have access to the customer's premises for the purpose of installing, examining, repairing, or removing street lighting equipment.

SPECIAL PROVISIONS: (Cont'd)

2. The customer agrees:
 - a. Not to require the Company to make any installations or changes during the winter period (December 15 to March 15 inclusive) unless the customer pays, pursuant to Rule 4.3, the difference in costs therefore between what the installation would have cost if made during the prior summer and the actual cost; however, the Company agrees to continue normal maintenance and restoration of existing facilities during such period.
 - b. To authorize and does authorize the Company to the extent that it may lawfully do so, to trim and cut such trees, vines or shrubbery as may interfere with the proper construction, operation, light distribution and maintenance of the Company's street lighting facilities provided such trimming and cutting is done with notice to the customer and the customer shall have the right to supervise the same. All such trimming and cutting shall be done in a prudent and professional manner under the supervision of qualified personnel.
 - c. Upon termination of service hereunder, the Company shall have the right, within a reasonable time thereafter, to remove any street lighting facilities placed, installed, erected or used by it in providing street lighting service hereunder to the customer. Further, the customer shall pay to the Company the unamortized investment for such items; and if any such items are removed, the customer shall also pay to the Company the actual cost of labor and material, including applicable overhead expenses, incurred in such removal, less the salvage equipment value thereof.

The customer may require the Company to remove any facilities (other than conduit) which the Company does not otherwise elect to remove provided that, if the customer has terminated service under this Service Classification, the customer shall pay to the Company the actual cost of labor and material, including applicable overhead expenses, incurred in such removal, less the salvage equipment value of the removed items.

3. The Company and customer agree that:

- A. From time-to-time, the customer may require the temporary shut-off of such lamps as customer designates, provided that the shut-off period shall not be less than a period of 24 hours. Neither such shut-off, nor the subsequent turn-on of such lamps, shall be required on Saturdays, Sundays, holidays, or at other than during the Company's normal business hours.

The customer shall pay the Company's costs and expenses of such shut-offs and subsequent turn-ons. During the period that any lamp is so shut-off the customer shall continue to pay all of the applicable charges for such lamp and other facilities under this Service Classification No. 1.

- B. The Customer may, at its option, elect to purchase the portion of the Company's street lighting system being used to serve the customer. The following guidelines shall apply to any sale of the Company's street lighting facilities:
- i. A customer desiring to purchase the street lighting system being used to serve it shall inform the Company in writing of such desire and indicate which portion of that system it desires to purchase. The lights to be purchased must be contained in single contiguous geographic area, defined as being an area bounded on all sides by a public right of way and containing all area within those bounds. If the geographic area contains series lighting circuits, all the lights on those circuits must be purchased, even if such circuits extend outside the contiguous area.

SPECIAL PROVISIONS: (Contd.)

3. The Company and customer agree that: (Cont'd)

- ii) The customer must purchase a minimum of 10% of the lights that were owned by the Company within the municipality prior to any purchase(s) made under this rule, and the facilities associated with those lights, or 100 lights and their associated facilities, whichever is greater. If the customer requests purchase of a geographic area which contains slightly less than the 10% minimum, the Company shall consider such an offer, provided that there is some logical rationale for the area chosen. Notwithstanding the above, if a customer owns 70% or more of the lights originally owned by the Company prior to any purchase(s) made by the customer under this rule, any further purchase must encompass all remaining lights. If a proposed purchase of lights would reduce the amount of lights owned by the Company within the municipality to less than 15% of the lights originally owned by the Company prior to any purchase(s) made by the customer under this rule, or to less than 100 lights, completion of the proposed purchase shall be contingent upon written agreement by the customer to purchase all remaining lights within two years of the currently proposed purchase. Such written agreement shall include all terms and conditions of the sale of the remaining lights, including but not limited to the sale price and time frame of the sale. The Company may contract to sell the system in increments over an agreed upon time frame or to accept payments in installments, upon payment and other terms acceptable to the Company.
- iii) The Company shall develop an estimate of the costs that it shall incur to physically separate the system being sold from the rest of its distribution system in order for the Company to meet all applicable codes and regulations. This estimate shall not include costs that the customer may incur in order for the Customer to meet any codes and regulations that may apply to it.
- iv) Within 90 business days of a customer providing written notice to the Company of its desire to purchase its street lighting system, the Company shall respond, in writing, with the proposed purchase price. The Company shall not be required to provide a purchase price for the same street lighting facilities more than once in any 12-month period.
 - (a) Purchase Price for the Street Lighting equipment:
 - (1) The Company shall determine the purchase price for the equipment. The purchase price shall be determined based on the Net Book Value ("NBV"); plus an Administrative and General ("A&G") loader of 4.5% of NBV; and a Customer Protection Overhead ("CPO") of 15% of NBV.

3. The Company and customer agree that: (Cont'd)

(a) Purchase Price for the Street Lighting equipment: (Cont'd)

- (2) The Company shall revise the purchase price prior to closing the transaction with the customer if the NBV of the equipment increases from the NBV that was used to determine the purchase price and that difference exceeds the CPO calculated on the originally quoted NBV ("Variance") as described below:
 - i. If the Variance exceeds the calculated CPO, the Company shall calculate the difference between the CPO and the Variance and shall calculate additional CPO and A&G on that difference.
 - ii. The final closing purchase price shall be re-calculated to include the purchase price described in (a); plus the Variance; plus additional CPO and A&G applied to the Variance.
 - iii. No fewer than 30 days before date of closing, the Company shall provide a detailed asset report to the customer that supports an NBV change requiring an adjustment to the overall purchase price.
- v) The customer shall have 180 days from the issuance of the initial proposed purchase price to commit to move forward in good faith with the purchase process.
- vi) The Company shall file a petition in conformance with the requirements of §70 of the Public Service Law within 60 days of an executed purchase agreement.

4. Conversion to Light Emitting Diode (LED) Street Lights:

- A. The customer may request the conversion of existing non-LED street lights to LED street lights. The Company shall perform such conversion in compliance with the provisions below.
 - i.) Upon request, the Company shall install/replace its in-service non-LED street light luminaires with LED street light luminaires, dependent upon the customer's compliance with the terms and conditions of this tariff, on a first come, first served basis at the Companies' discretion, such as consideration of geographical location. The Company's obligation to install/replace in-service non-LED street light luminaires in any annual period shall be limited to no more than 20% of the Company's currently installed street light luminaires. The customer must commit to a conversion of no less than 20% of their currently installed non-LED Company-owned street light luminaires, or a minimum of 100 of their currently installed non-LED Company-owned street light luminaires, whichever is greater, per municipality in an annual period.
 - ii.) The lights to be converted must be contained in a single contiguous geographic area, defined as being an area bounded on all sides by a public right-of-way, and containing all area within those bounds. If the geographic area contains series lighting circuits, all the lights on those circuits must be converted, even if such circuits extend outside the contiguous area.
 - iii.) The customer must agree in writing to compensate the Company for the remaining book value of the lights being replaced. The customer shall have the option to:
 - (a) make a one-time payment to the Company, or
 - (b) make monthly levelized payments with the interest rate set at the Company's authorized pretax weighted average cost of capital in effect at the time of execution of the agreement over a term not to exceed five years.

5. New York Power Authority ("NYPA") Program to Contribute to Existing Economic Development Customers and Serve New Governmental Entities

Participants in the NYPA Program shall be subject to the otherwise applicable standard service classification rates, including the Transition Charge (Non-Bypassable Charge), Bill Issuance Charges, if applicable, in accordance with the standard ESS rates for this Service Classification. All customers are also required to pay the System Benefits Charges, and Rate Adjustment Mechanism in accordance with the standard ESS rates for this Service Classification.
