

# Save Over \$1,000

when you purchase a heat pump water heater.

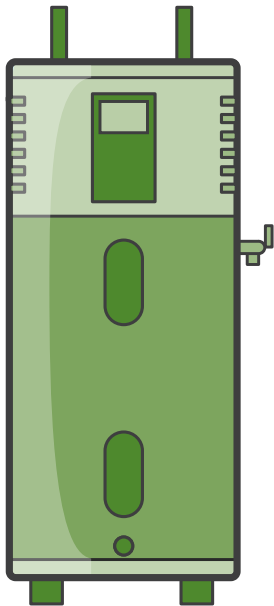

NYSEG

RG&E

Part of the AVANGRID Family

## Estimated total savings when you buy an ENERGY STAR® certified model.\*

Qualified heat pump water heater	<b>\$1,500</b>
NYSEG and RG&E mail-in rebate	– <b>\$ 700</b>
<b>Net price</b>	<b>\$ 800</b>
Federal tax credits <sup>†</sup>	– <b>\$ 300<sup>‡</sup></b>
<b>End price</b>	<b>\$ 500</b>

You can save an average of **\$350<sup>§</sup>** in annual energy costs, which means your water heater pays for itself after one year.

### Flip over to get started.
